

Music with a KICK in it

For Singing and Dancing there is one Player Piano which has earned supremacy over all others. It plays the latest music with all the haunting melodies of a full Jazz Band. Saxophone, Ukelele and Banjo are imitated with startling truthfulness.

The Euphona Player Piano

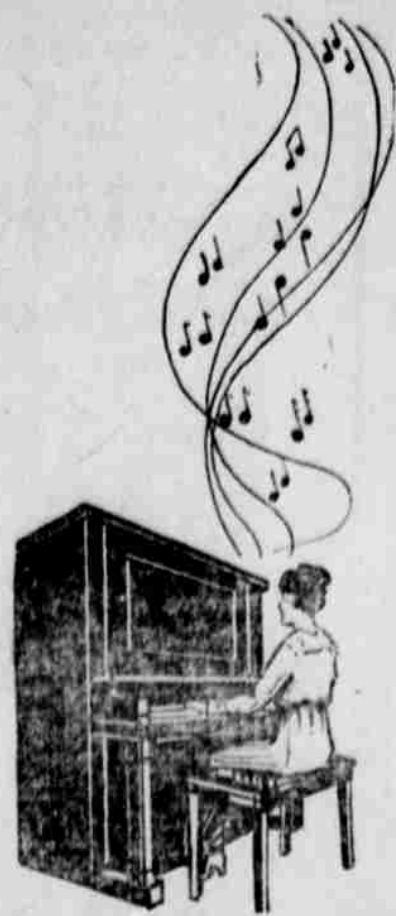

is all that any Piano can be. To those who prefer the classics or old time ballads, it gives a faithful reproduction.

A GOOD PIANO forms the keystone of family life. To both young and old it is an unfailing center of enjoyment. No matter how luxurious, how well equipped your home may be there is an incompleteness, a chink unfilled, until this versatile instrument be installed.

A GOOD PIANO is a life long-companion. With moderate care it should last a life time. **THE EUPHONA PLAYER PIANO** has twenty enthusiastic owners in Harney County—**MODERATELY PRICED—REASONABLE TERMS**

We may complain about dry weather in this country and the scarcity of range grass but from information we find Harney county is in better shape than many other places. A letter received by a member of The Times-Herald family this week from Montana states that even the wells are dry and in that state and stock men are moving their stock out as fast as they can.

Mr. Cummins states he and the boys are running cattle in the Jordan Valley country at this time but find range conditions very discouraging as everything is drying up.
